GAME OVERVIEW

About the Game

Long Description and Contact

Long Description

Adventurer's Guild Manager is a management and simulation game about building and running your own fantasy guild. Connect clients with adventurers by creating custom quest contracts, choosing their titles, descriptions, visuals, rewards, and tone. Expand your guild with new structures, shape its appearance and capabilities, and turn it into a thriving base for adventurers.

Meet visitors face to face, trade magical items, negotiate deals, and build your fortune through smart decisions. As new adventurers arrive, form connections through contracts, keep in touch using your crystal, and grow your guild's reputation and influence across the realm.

Set in a cozy stylized low-poly world, Adventurer's Guild Manager combines guild management, trading, building, and character-driven interactions into a fantasy management experience centered on growing your guild and the people around it.
